Video: Various Videos “Hi Pastor Bill, I noticed on your home page you will be doing the Last Days Bible Prophecy Conf. - Calgary AB Canada, April 28 - 30, 2017. I have been listening to your teachings the past few months and really enjoy them. I am especially taken by your World Religions series. Seeing I live in Calgary, it would be great to be able to attend. Where will the conference be held at and is it open to the public?” (Ryan from Canada)

Video: Various Videos “Thanks so much. I don't know how you do as much as you do, but I thank God I found your ministry on YouTube, right after the Supreme Court totally blew it last year. I'm following the current world religion series, which is hard because I have to wait a whole week before I can see the next one! (I have gotten used to being able to go through a whole series of videos in a few days!) Thanks again.” (Bev from Virginia)

Video: Various Videos “Pastor Billy, I first encountered your preaching/teaching when I accidentally stumbled upon The Red River Bible and prophecy conference. Everything I heard resonated true with me. Since then I haven't been able to get enough of your teaching. I have a small circle of friends up here in Alberta Canada that I share your messages with. For a couple of reasons, to test if what I am hearing is solid, which I already know it is, and to simply share it and challenge my friends. I want to thank you for the diligence you put in to researching and presenting what God puts on your heart. Being mostly blind I don't get a lot of the visuals but I can get the jist of what is being said. I heard your testimony and found it remarkably similar to mine to some degree. Amazing! I do take full advantage of your free downloads of your lessons. Being on a disability income doesn't allow me too much to spend. Also raising a teenage son on my own occupies a lot of what would have been "extra" income. I just want to thank you once again for what you do. There are two types of Christians, those that are led by the Holy Spirit and those that follow those that are led by the Spirit. You clearly are led by the Spirit and because of the sermons I have plugged into I am now also led by the Spirit. I hope to get to Vegas one day for the sole purpose of coming to Sunrise. One can dream and make known his dream to God through prayer. Blessings.” (Randy from Canada)

Video: Attack of the Drones “Hey Billy! I am in the middle of #11 of Attack of the Search and Rescue Drones. I have understood for many years the disparity in technology between JOe Dokes and Uncle Sam. Therefore as I am watching these videos my head is about to explode in what "they" have in place all over the planet! Your poolside chats are very entertaining. These old guys don't say much while they speak volumes. I read your non-copyright message :) I am giving it to people in the dark and some nonbelievers. I appreciate your Gospel presentations after each DVD. I appreciate all the work that you must have put into this production. Thank you in Jesus name! May the Lord bless you and yours!! ” (Paul from Wisconsin)

Video: Various Videos “Pastor Crone, We heard you on Hagmann's and believe we have found a pastor who is as on fire for the Word of God, the Lord Jesus Christ and could not be happier. We've listened to some archived and look forward to listening Sunday and will be ustreaming Wed also. God answers prayer as our area is saturated with false

teaching, and we're part of those saints shown the door for having the audacity to point out and refuse to embrace false teaching. You uncompromisingly proclaiming the gospel, unapologetically calling the out rotten leaven that has turned many churches into sheeple listening to a jester performing on stage due to accumulated dust on Bibles and dulled spiritual discernment. We reside in mountainous rural Virginia. At 53, my husband, myself, and my family served in the military this is no longer the America we grew up in. It is intentional, and I believe Satan will absolutely utilize 'Attack of the Drones' tech as those who serve him already do. Denial of God makes one a fool, these people are so deceived they imagine the devil is on 'their' side and in the end all will be fine for them. The enemy and wickedness in the heavenly realm has his little puppets who will watch me worship as I refuse to be anything less than the warrior our Lord has been molding since awakening me from the "matrix" as September 11th had me transfixed. Our Lord began really opening up the scripture and all the prophetic I'd studied for years. So many who profess Christ as LORD appear blinded but I believe willfully so as I have been engaged in apologetics through blogging for well over a decade. We can not wait to watch Attack of the Drones. God bless you and yours. In Christ.” (Carrie from Virginia)

Video: Radio Interview “Good afternoon Billy, I enjoyed your time with the Hagmann's on Friday. You encouraged me when you said we are not alone in our concerns for the church and also the lack of prophetic teaching in the church. I attend a fellowship in Scranton, PA, with my wife and kids, full of young people who love the Lord. But I have sat, frustratingly, and heard the pastor minimize current events and the importance of geo political news. Clearly his focus is spreading the gospel in the city and encouraging the congregation. Great! I'm in! But in the two years of attending I've become increasingly upset with not hearing him at all inform the young people of what is coming upon Christians. Jesus repeatedly warned his followers of deception and apostasy. Billy, I'm concerned that there is no one teaching the significance of prophecy to the younger crowd. And they seem to have no concern other than college classes, starting families, music and sports. How does one go about warning fellow Christians without seeming like they're off base or too intense? Keep encouraging. Thank you.” (Kevin from Pennsylvania)

Video: In the Days of Noah “Billy- watched your series on giants. Found your video on great ages and sizes very interesting. I have read about Dr. John Sanford of Institute of Creation Research view on genetic entropy. His idea seems to be able to go along with what you taught. His idea is that since Adam's sin our genes are in a downward spiral with more and more harmful mutations building up over time. Thus causing our ability to age to decrease. He even has a chart that shows how the ages would parallel those listed in the bible if his idea is correct. He also says we don't have very many more generations before too many mutations are present. Just curious if you have seen his work and what your thoughts are if you have. Again, thanks for your work. Your videos are awesome. I am constantly watching them...” (Jason from Illinois)

Video: World Religions “Dear Pastor Crone, I am loving your series on world religions, cults, etc, and can hardly bear to wait for each new installment. I know, or at least it

seems, that you are a man with a lot of irons n the fire at once, but I hope you will have time to really focus on getting this series out as fast as possible, because I could spend a day just listening to them one after the other. I can't wait until you get to cults, New Age, etc, because even some of my good Christian friends fall susceptible to the New Age stuff when it's sugar-coated in "Christianese", and I want them to hear your teaching on this. The occult stuff will be eye-opening to those who have seen no harm in allowing their children to follow the Harry Potter stuff, and I haven't been able to give them a good decisive answer as to why this isn't the same as the traditional fairy tales we grew up with-assuming there is a difference, maybe there's not. I want to be honest with myself about this, so I'll have the power of the truth with me when I discuss it with them. Anyway, I am enthralled with this series, please keep them coming as fast as possible :)" (Melanie)

Video: Various Videos "Hi, Pastor Billy, my name is Dimo and i am from Bulgaria. I was watching some of your videos in youtube and I like to ask you some questions if you are willing to answer me. I was atheist - in my country there was a communist state for 40 years and from 1990 Bulgaria was no longer communist country, but the school system teach only evolution and no bible study was present in my days of study. Official religion in Bulgaria is the Orthodox Christianity now, but the doctrine is like the catholic church - icons, Mary worship and so on - it is not biblical. Like I said i was an atheist , but after researching the facts I can say that there is a God and He must be the God of the bible. I am not born again, because i cant find answers of some questions and I must find the answers, because if I take the path of Jesus - I cant turn back. I am reading the bible for many years and watching many videos on bible study, but never talk with people about that. For real I know only one person who was believer, but now he is not anymore or he believed, but he cant stop sin. In my town I know only one evangelical church and I don't know any person who goes there - if The Rapture take place in my town no one of the people will know it - may be only 100-200 of the population are evangelical Christians and the town is 250 000. This was my background for now and I really hope that you will be willing to answer some questions for me, please if you are send me email. Thank you and let God and Jesus be with you. P.S. Excuse me for the bad English, just like the bible I am learning alone." (Dimo from Bulgaria)

Video: Various Videos "My wife and I really enjoy your messages. We have watched hundreds of them. For several Sundays have watched your church services. During this past Sunday's message you provided two lists with 30 items in each list. Any chance I could get a copy of those lists? I have some of the items on the lists but not all. We pray for you and thank God and you for your messages." (Bob)

Video: Various Videos "Thank God I am finding more pastor's that are teaching and preaching on the end times. Just left a church of 4 yrs that nothing on bible prophecy was taught and it was an Assembly of God. Found a new church now that believes in the pretrib rapture and bible prophecy." (Larry from Arizona)

Video: Various Videos "I wanted to thank you all so much for being used of God. Your ministry has helped realign my reading of God's word and tightened my wife and I

awareness of our worlds current situation. As husband and wife we've drawn closer together and each have been placed under Godly conviction of our lack of expectation of Jesus return and our need to be equipped to defend and more importantly share our faith with our family and friends. We have just caught up with world religions and praying about which series to go through next. We are also struggling with whether or not to continue going to our present church because it's direction is disturbing. This started long before we started listening to your messages. Anyway please pray for us in seeking a new fellowship. Thanks again. In Christ Alone.” (Paul)

Video: Various Videos “Hi Billy, have had you on my mind a lot lately and pray that you and your family are doing well. We so enjoyed finally getting to meet you at Gettysburg last October. Still wish we lived closer so we could attend your church. This is Georgiann from Greeneville TN. We have some friends we are witnessing to and so wish to show them the Final Countdown DVD about how "they" have technology to shoot electrically into the sky false images to fool people that Jesus was returning only to deceive people. They will be at our home tomorrow. Also have told a minister in town I would copy it for him. We tried going through the many, many discs we have from you and really don't have time to look at 100 looking for the correct one. Do you remember which # or name of the series that was on? I mean which # of The Final Countdown? If possible could someone email me today or call me today so I can witness to these friends? Blessings,” (Georgiann from Tennessee)

Video: Various Videos “Thank you for posting your sermons. I am a police officer and have missed a lot of Sundays and Wednesdays due to shifts. Your YouTube videos are food for my soul when I can't make my services. In Christian love thank you!” (Jeff from Tennessee)

Video: Various Videos “Thanks for your teachings! They enrich my faith in Jesus!” (Paul-Louis from Belgium)

Video: Various Videos “Hi Pastor Billy, its time now, to write you a few sentense. Must be about a year and a half, when I heard your first sermon of your "Final Countdown" serie on you tube. You´ve to understand that I´m from germany and even though I love to speak english (God gave me a great chance to learn to speak and understand it through american soldiers who where christians and stationed in the area I live .If you like to, you can google the area :Mainz/Wiesbaden. We had a Teen Challenge coffeeshouse there, that later became a pentecostle church. Open every friday and Saturday evening. Room for sharing the gospel, praying, drinking coffee, streetwork ect. And those fine guys showed up regulary. It was a great time. I helped them learning the german language and they fixed my bad " British Scool english" to become seriously communicative. However. Many many years now god is keeping me busy with this endtime theme. Cause there are so many that I reflcted on. Starting with the 9/11 thing, whrere I in a very early stadium started to question and to combine. Loving Jesus and believing in his word, inspired by some great man of god talking and writing about prophetic things to happen (for example: David Wilkerson) the holy spirit layed that awareness in my heart, that the second coming of Jesu is at hand. I´ve never tried to state dates .But moore and moore I

started to walk with open eyes and open heart watching. And then I dated with the first video of your serie. And you have to know that hearing a whole sermon in english or watching a movie, was still a hurdle to take. I was not shure how long I will stay tuned til loosing the tread. But the holy spirit gently encouraged me to try. And that was the beginning of a friendship unknown between someone loving Jesus in Germany crossing the big water via internet til a lovely church somewhere in Las Vegas. Until today I've heard the whole session of the final countdown incl. update nearly twice. Also I love the serie: Did the bible really comes from god. And the three parts of the "lie of evolution" that I've found via you tube. (Sadly there where no more placed even if it seems the serie is not finished there) Also your wonderful testimony. I love it to see witch amazing way god is going with everyone who seriously wants to follow him. I've experienced it myself. Coming to the end for this time: Thank you for your clear, loving, caring shaking firespredding messages. That shines bright in a darker becoming world. Never ever ever ever let them be taken from your mouth. They've reached the other side of the ocean. God has blessed you with great wisdom and knowledge of his word. And even as a teacher in "Las Vegas" english you are doing a good job. :-) Be blessed. Together for our wonderfull, awesome, mighty, loving but also righteous saviour : JESUS CHRIST. The lamb of god and the returning lion of Juda." (Holger from Germany)

Video: Various Videos "Hello Pastor Crone, my name is Jon and I live near Louisville, KY. I just wanted to say thanks for all of your excellent teachings and apologetic material. I am 38, I was saved at age 10 but strayed far from Christ during my teen years and 20's, I would have described myself as an agnostic or even an atheist during those years. Around 2011 I woke up and started searching out the truth. I first found Chuck Missler and a few other great teachers, and then I found you and some teachings on evolution and creationism. Your style of humor mixed with humility and grace immediately clicked with me and I have listened to everything I can find online that you have taught on. I come from a rock music background and your testimony really resonated with me, I hugely appreciated it. I love listening to you, Chuck Missler, Dave Reagan, and so many others daily, I spend my work day with my headphones on learning everyday. If I could move to Vegas and go to your church I would, man, that would be great. I want to do something for Him and as you say, to be available. Thanks so much, again, for all the solid teaching, you have been a big, big blessing to me in my walk. I have attached a link to a tune I recorded. Hope it blesses you." (Jon from Kentucky)

Video: Various Videos "I had a neighbor over last night to watch "The Intimacy of God" which was fantastic. I copied it for him. Also, does anyone know the name of the man on A Marriage Build to Last who told in his part of the video about men living in boxes? Everyone I show it to thinks it is hilarious. Any information about these things would be very much appreciated. Many blessings to all of you." (Georgiann from Tennessee)

Video: Various Videos "I am looking into your teachings as a potential for a house church and am listening to your last days teaching now. I believe this source will add information that you may find interesting. In the meantime thank you for making the resources free online. I've been struggling to find a strong church fellowship to join and

believe God is going to bring fellowship to my husband and I. I'm just looking for solid teaching and resources for now.” (Amy)

Video: In the Days of Noah “Hi Pastor Billy, keep up the good work. I am trying to download and copy the dvd quality episodes to put on disk and pass around, but it takes forever as Internet is so expensive here in Australia especially being a pensioner. GOD BLESS.” (Frank from Australia)

Video: Memorial Day Message “Greetings Pastor Billy Crone, thank you for the heartfelt message on being a servant of Jesus Christ and of this country. It was a profound reminder of the true meaning of God sending His only Son to die for us while we were still sinners, as well as how so many men and women have given their lives for people that they don't know or will ever know to have the quality of life we have in America. Thankfulness - an expression to both God and the servicemen of this country is always in order. It is such a good thing to allow people to demonstrate gratitude as oppose to just talking about it. I am absolutely thrilled that our Lord and Savior Jesus Christ raised you up to teach us how to serve him by example. I praise God for the truth that you preach and teach with a genuine conviction and love for God and His Son Jesus. Please know that you have blessed me tremendously through your ministry. The means by which you preach and teach salvation so clearly brings so much honor, praise, and glory to our God, and a concise understanding to His people. You leave anyone who hears you without excuse of accepting Jesus as their personal Savior, Lord, and soon coming King. Additionally, your messages are so explicit that they produce growth and development in righteousness and holiness in the born again Christian's life, and a desire to serve God. Pastor Crone, it was a privilege meeting you in Dallas, TX at the HTWC Conference in March. I look forward to seeing you in person again in the future. May the blessings of the Lord overtake you and your family, and may God continue to smile upon your ministry and supply all your need according to His riches in glory through Christ Jesus. Agape.” (Sallie from Washington, D.C.)

Video: World Religions “HI Pastor Billy! First of all, thank you for EVERYTHING that you do! My husband and I are older folks/newer Christians and are learning SOOOO much from you!!! I ordered and just finished watching your series on Hinduism. After just finishing your last lesson, I got online as there is a prayer house in Sioux City, IA (near the community where I live) that I always wondered about. Now that I learned about Hinduism, I just clicked on this prayer house's home page. OH, my! They are starting a six week series on Hearing God's Voice for Yourself.....I almost got sick to my stomach reading about this upcoming six week training. If it is as bad as it appears to me, I am thinking that I should contact this prayer house and tell them. Don't you think? This is just heartbreaking!!! I am learning so much about all the false teachings and it is sickening and heartbreaking. I want to do something, so I thought that if I at least see something in my community, I can share my concerns. God bless you, your family and everyone at Get A Life Ministries!!!” (Cindy from Iowa)

Video: The Final Countdown “A neighbor suggested my wife and I listen to your final countdown series and it's amazing. We're members of a great church but End Times are never spoken of. Thanks for fearing God and not man and bringing this message.”

Video: The Truth About Dinosaurs “Hey Billy i was just watching one of your YouTube dinosaur video's where talking about the Pterodactyl and all of a sudden a memory from when I was a kid came flashing back, when i was in elementary school in the 80's I was always playing outside even after dark in the front yard and i remember one night I was playing and I happened to look up on a perfectly clear night and I saw what i thought was a Pterodactyl flying in front of the moon but not actually 'in front " and i thought did I just see that? Well that memory would come back every so often but I hadn't thought of it in year's (I'm 41 now) but the reason I am writing is because as soon as i saw that part in the video towards the end and that memory came flooding back you mentioned my home town San Antonio Texas! I couldn't wait to send this email, i have enjoyed your videos and i am going to show them to my family and send them to my friends. God bless you.” (Charles)

Video: Various Videos “I see you are coming to Colorado Springs again. I would have loved to come thank you for your ministry in person...I even work in Colorado Springs now. Sadly though I won't be able to get back up there over that weekend, and Friday I have to work. So - a thank you by email will have to do for now. You called me once to talk me through some questions I had. I found that to be so kind. Your teaching helps me talk to my husband - he likes your answers. Faith doesn't come easily for him...Thank you so much!” (Angela from Colorado)

Video: Radio Interview “Pastor Billy, this is Sgt Tim from Brothers on the Wall. I saw you in Dallas at the Hear the Watchmen conference, and have heard you on the Haggmann and Haggmann Report, but I really felt like your ministering to the audience this past Saturday night was one of the best that I have heard you speak. Your words on the acknowledgement of God were truly beautiful. I just wanted to thank you for coming on and I hope to hear more from you in the future. God bless you and your family, and may He continue to bless your ministry!” (Tim)

Video: Freedom is not Free “I just listened to "Freedom isn't Free" all I can say is WOW! Thank you for how you honored those Veterans in your audience but most of all how you honored our Lord. I had to send you an email just to say thanks.” (Jeff from Tennessee)
