Video: The Book of James “I like your teaching and have been listening to your study on James. Wonderful teaching. Keep up the good work :)” (Brenda)

Video: Discipleship 101 “I was listening to discipleship 101 and you mentioned a Greek language book. What was the name and author of it? Thank you for being used by our Lord to teach. It's good to listen to while I truck down the highway of our nation. Live large in Christ!” (Dave)

Video: Various Videos “Could you please pray for me and my family . I know you're a busy man I watch you sermons and listen to them on my phone from iTunes and see the work going into them My name is Billy wife Violet daughters Zoe Louise and Cameron and son Billy. I would ask if you could and your church keep us in your prayers please. I have asked Jesus into my heart and am trying to get the strength to tell my family and explain to them that we as a family need to change our lives around it's tough I feel like I am being burdened down by everything in this world the pressure just drains me and I need prayer from people who truly walk with God. I just don't want my family to burn and I am just new and feel so weak at everything I am reading and trying to study your old 101 course I came across Sorry to maybe not come across to clear my head is just so heavy with everything. Please could you just help me to help my family with prayer. Thank you. I live in Larne County Antrim Northern Ireland I would like to keep in contact if that's ok with you from time to time as I am sure you have loads to deal with in you life over there. God Bless and again thank you for you and the voices I hear in some of your sermons give me hope in my heart to see there is humour and laughter in learning about the Lord and still reverence at the same time with so much junk else where it to me a few years to get to your sermons to know in my heart that God is speaking to me for I know from reading scripture I never went looking for him he came gently calling to me Again thank you and would you say thank you to your congregation for me for to keep me in prayers I need them oh so badly. Sorry to babble on Billy just so hard to put into words so much in so little.” (William from Ireland)

Video: Various Videos “Thank you again in the Lord for all the work you. I have been watching and studying your films from Get A Life Media for about the last 2 months and have gleaned a tremendous amount of information that I was not aware of. I have studied Bible prophecy for over 30 years now and collected dozens of books and hundreds of films and articles on it. Many thanks again for all you do and your work is truly admirable and remarkable. Billy has done a monumental amount of work in the Lord and worthy of much praise and thanks. Yours.” (Chuck from North Carolina)

Video: World Religions “My 14 year old was not wanting to go to Church because it boring. He said can't I just watch Billy Crone? Lol just had to let you know there is a demographic of at least 1 teen watching lol.” (Mare)

Video: World Religions “I dont know if you read comments, but I just want to thank you and your videos. They made me realize that the debate of creation for example is not something we can let be whatever everyone believes and also these videos about cults and occults are a reminder for me that not every believer know the difference between

true church and cults. Im also a preacher in my church and I have to start teaching about these subjects too, along side with Bible teaching of course :) keep up the good work and be blessed in it. Your brother from Finland.” (Sakke)

Video: Various Videos “Pastor Crone, I'm a rancher out here in the Nebraska sandhill's raising that beef you like so much. Wanted to say thank you for the good teaching. I have been listening to your teaching since April and have really enjoyed it.” (Rex from Nebraska)

Video: The Character of God “First of all I want to say your ministry is great. And I've been going threw a hard time and tried to hurt myself and end my life. I've been hospitalized 2 times for self harm and learning about the character of God sure has shown me His power and how much He cares for His children.” (Haley)

Video: Various Videos “Hey Pastor Billy, thank you for your teachings and admitting you had your 50th. Happy Birthday, you are now an official Geezer. I'm 12 years older than you and I'm known as a Super Geezer. I pray you have a great safe trip to Gettysburg this week and next week to Hawaii with Pastor JD. He mentioned last week you are doing a follow up to your Rapture study. I sure enjoyed and learned so much from your first DVD series, looking forward to the second one. All the best.” (Ryan from Canada)

Video: Various Videos “I just wanted to thank you very much for both the Noah series and the Rapture series. I've got a lot of other material from other sources but I STILL learned so much from your Noah series. And the Rapture series frankly scared me, but in a good way I guess. God bless, and again, thank you Sir.” (Jeff from Georgia)

Video: The satanic War on the Christian “I absolutely love the service that this church works for God's kingdom. Billy Crone, I, as a passionate christian, must say that your scriptural message from God was pleasantly informative, and it fed my soul! Thank you for allowing God to work in you to be such a blessing in my life!”

Video: The satanic War on the Christian “Billy I just want you to know I love you for everything you do for the Kingdom of God and how awake you are to world events. I may never see you in person in this life but you'll know that you impacted me from YouTube when we are in eternity together. What a day!” (Joshua)

Video: Radio Interview “Hi Pastor Crone. I first heard you on Haggmann Report within the last week or 2. You are one of the best speakers I have listened to. You seem to be extremely knowledgeable and are really funny too. You are one of the most high energy speakers I've heard too :) Thank you for using the gifts that Jesus has given you. I learn a lot from listening to you. Have a great day.” (Luke)

Video: Radio Interview “Pastor Billy Crone, I was listening to you today driving home from work on AM940. I listen to this station everyday driving to and from work. I was emailing regarding something you had said earlier today on the radio. I have been a

baptized Christian now for going on 4 years. I grew up in the church but never committed my life until 2013. I am 27 years old and enjoy very emphatically studying the Word and understanding who God is and what it means to be loved by Him. Today you had mentioned how the church is responsible for America's downfall. In our passive, indirect and somewhat cowardly approach to win people over to Christ is definitely a problem. Christians nowadays are not bold enough, not confident in their belief of Christ and what He did. I myself am guilty of this, I am currently praying everyday to overcome people pleasing and many other negative thinking patterns and such that draw me away from God. Anyways, you had said something basically categorizing preachers who tell you what you want to hear, which is definitely against God's Word. We can't only expect to hear "good" things from church service, but also the Truth, which is exactly how we grow in our spiritual walk. God bless you brother!" (Daniel)

Video: Conference" Dear Pastor Crone, I was unable to get tickets to your dinner sermon at the Norman, Ok Prophecy Conference. My wife and I are starting a home Bible Study class. I humbly ask if there is any way you could send us a DVD or your notes entitled "Why your Preacher does not teach Prophecy". We purchased the Conference DVD Package; we have yet to receive them, and I worry that the dinner sermons will not be on the conference DVD package. If there is a charge just let me know." Charlie from Louisiana)

Video: Various Videos "Hello Pastor Billy, my name is Andrew and I have recently asked Jesus to save me and forgive me for my sins. I pray daily for guidance on how to be saved and stay that way. I pray daily for guidance to understand His word in the Bible. I was hoping you could recommend a church in New Jersey I could attend. Also, maybe even an online Bible study as well. Thank You." (Andrew from New Jersey)

Video: Various Videos "Pastor Crone, I have been watching your videos on YouTube and I love the way you preach, as well as you preach straight from the Bible. That is very hard to find today unfortunately." (Kim)

Video: The Rapture "Dear Billy Crone: I had watched many of your DVD Bible teachings and was blessed. I had read your Book "The Rapture" It was the most understandable books on the Rapture of the Church I have read, as Jan Markell believes also. I have wanted to get the DVD Rapture set, but have used that money to get tracts and The Life of Jesus movies to give to the lost of our community. Pastor J.D. Farag and yourself said you are producing vol.#2 of the Road to Eternity DVD. Will it include the Deceptions and the confusion that others in the Body of Christ are pushing us to believe, even though not scriptural? Thank you and may God continue to bless you as you share the Bible Truth that we all need to hear, read and understand." (Ken from California)

Video: Various Videos "I am a born again follower of Jesus. I have been a shut in due to medical reasons for just over 2 yrs. I missed going to church, studies and fellowship in general. Friends of mine told me about Calvary Chapel Chino Hills, Jack Hibbs Pastor, and Calvary Chapel Kaneohe, JD Farag Pastor. These were their home churches before they moved away. I have listened faithfully to both, and through both have also become

familiar with Amir Tsfarti of Behold Israel Ministries. I had not been exposed to prophecy teaching in my own church and had never thought I needed to. I have learned much and have to say that it gives me an even greater assurance in the word and has given me great ideas to witness with. Tuning in to Kaneohe recently, I found Pastor Billy Crone as a guest speaker there and became interested immediately in his ministry. His passion for the Lord and the word was obvious and so I have now been listening to some of the studies you have. I just finished the Roman Catholicism study and I was blown away! I am an avid history buff and the way Pastor Billy started at the beginning with historical facts drew me in and kept me in. I have recently been asking the Lord how I might approach the newest member of our family, a lovely young lady who married my favorite nephew whom I am very close to and have over the last two years been witnessing to. The study on the Catholic faith has given me much to work with and I believe it is no coincidence that I stumbled upon Pastor Billy. I am going to listen to everything on the site and I know that I will continue to be blessed and enlightened even further. He has a light hearted and funny approach, but at the same time has no problem giving the hard truths we so desperately need to hear in the church. I am sharing my new find of Pastor Billy with all my brothers and sisters in Christ. Please know that I will be praying for Pastor Billy, his church and speaking ministries. God is so good to me in that even though I am unable to get out to go to church, the online ministries that I have been led to are bringing me to a closer walk, they are inspiring me to prayer, they are helping me to witness and most of all they are bringing me the full gospel and the peace of trusting in the word like I have never had before. God bless you Pastor Billy Crone and to your congregation...you are so lucky to have him as your teacher!" (Claudia)

Video: Various Videos "Dear Mr Crone, I was wondering if it is possible for you to make all your videos watchable for all nations on youtube? Right now as I live in Finland I cant watch half of your videos and I do enjoy and learn alot from you and your fellowship. As a teacher in my home church, I like to learn and get information/teaching/ new perspectives from online as well as from other teachers in our church. But keep up the great work and I hope God will bless you and your family for years to come." (Sakke from Finland)

Video: Various Videos "Pastor Billy, I just wanted to share what I believe the Lord has put on my heart. First of all, hello! I'm Akira, 26, my husband and I currently reside in Lancaster, PA. For years, I've been subscribed to your YouTube channel. Get A Life Ministries has been such a blessing because it provided my first introduction to apologetics before I fully understood what apologetics was. As a teen I was fascinated by the mysterious intricacies of God's Word and wanted to know how I could learn and share those sometimes complicated truths. That's when the Lord brought me to your YT channel. From the end time prophecy countdowns to your multiple series on creation and the lie of evolution, I was becoming more empowered to respectfully defend my faith in love. Over the years, I realized that apologetics was a passion, and one of the major facets to faith that many, if not most churches are missing. So the Lord pressed upon my heart an idea to create GenRom1. A collection of eye-catching t-shirts with short, clever apologetics statements. GenRom1 stands for chapter one of Genesis and Romans- two books of the Bible that give an account of creation of the universe by God. According to

these books, it is clear that God is the Author of creation and mankind is without excuse for ignorance or denial of His existence and the Bible's inerrancy. GenRom1 is a t-shirt company devoted to presenting historical and scientific facts which affirm faith in God and His Word. We should be ready to give an answer to anyone who asks the reason for our hope in Jesus- the Creator who lives in us. GenRom1 is wearable apologetics, so that truth about God becomes common knowledge. Please pray for this mission, as it solely exists to glorify God and His Son, our eternal Savior, Jesus the Messiah. I don't have all the means necessary to design and print yet, but I have faith that because God planted this vision in me, He will bring it to completion. I'm being long-winded here but I just wanted to tell you that your channel, and your faithfulness to truth and God's Word has inspired this project. I am especially determined to do this now because I am employed by a UCC church at which I and my husband are required to worship according to the terms of my employment. Though this church has not totally compromised on all biblical principles as the entire UCC denomination has, real in-depth Bible teaching and sound doctrine are not being preached. One day, we will be liberated from this place, but in the mean time, I am fueled by the fluff, compelled to combat this compromised institution with truth and love. I believe that God has placed GenRom1 on my heart to do just that. Thank you for all that you do! Blessings to your family and to Sunrise Bible Church.” (Akira from Pennsylvania))

Video: Conference “Hey Pastor Billy, Good morning and shalom. We recently enjoyed your teachings from your visit to JD Farag's portion of the flock. We watched your teachings on increasing technology before and appreciated you updating the material. We continue to pray that King Jesus protect you, your family and your portion of the flock. Thanks again for bringing forth truth and sounding a clear note of Jesus' imminent return for His Bride and subsequent judgment of the fallen world. In Messiah.” (Marc & Nancy)

Video: Roman Catholicism “I have learned so much from you. I witness to Catholics every day, and your info has been fantastic. I hope you come back to Dallas area very soon. God Bless you, but sorry I do love chicken.” (Bryan from Texas)

Video: The True Meaning of Thanksgiving “Hi Pastor Crone, I enjoyed your message about attitudes. That is an incredible attitude that the young lady has who is in the bucket. The story you shared about the boy was powerful too. I shared your sermons with my parents and friends - they were encouraged by your sermons. You are an extremely gifted speaker. I'm thankful that Jesus made it possible for me to discover your teaching. I hope you and your family have a great Thanksgiving.” (Luke)

Video: Conference “Hi Billy, Just thought I'd drop you a line to congratulate you on your excellent videos on AI (Artificial Intelligence and Drones). Also your excellent videos on UFO's. They really opened my eyes. I found them very thought provoking...So well done! May God Bless you and your Ministry!!!” (Adrian)

Video: The Final Countdown “THANK YOU! I just finished Final Countdown Series Ultimate up through the part about the Church. After the last video, I ran to my prayer

room, dropped on my knees, bawling, pleading for God's forgiveness for lost souls. This is how the Gospel should be preached! Amen." (Tammy from Missouri)

Video: Various Videos "Hi Billy. I am writing to you because I need help. I am very confused and I don't quite know where to start on this path. I live in Spain in a small coastal village. We have churches here, but to be honest I don't find any resonance with them at all. I have so many questions...so many doubts. I want to start reading the bible, but which one is the best to read? I'm not sure I would actually understand what I read. Can you help me on this one? Which bible to read, and if you have videos explaining the bible. really want to be a true Christian, to live my life for God and Jesus, through my thoughts words, and actions. I want to live a life away from sin, How do I do this? I don't want to just pretend...I want to do it properly and truthfully please can you help me? I thank God so much to have put you in my path. I came across your videos on the internet. I love the way you explain things and have such a down to earth attitude. You speak in our language and so its easier to understand. I have tried listening to other Pastors, and I can't understand what they are saying. I understand you are busy, but I would truly truly appreciate your help and guidance. Thank you. Warm greetings form Spain." (Fleur from Spain)

Video: Various Videos "Hi Pastor Billy, I watch most of your Wednesday services since several years and today I saw your trailer of "The Seals: A Panoramic View of the Seven Year Tribulation - Documentary". Thank you and God bless you, best regards from (the almost Islamic republic of) Germany." (Rolf from Germany)

Video: Various Videos "Hello pastor Crone, God bless you. My name is Tomi and I want to thank you very much for your messages on YouTube. I work long hours and among other genuine pastors and Bible prophecy expositors like Chuck Missler and Jack Hibbs, I listen to your videos online. Thank you." (Tomi)

Video: Various Videos "Dear Pastor Billy, Thank you so much with spreading God's word in a manner that relates current world events with what God says. I like your ministry. Thank you so much Brother Billy, may God Bless your ministry. Your sister in Christ." (Kelly)

Video: The satanic War on the Christian "Hello my name is Sarah and I would like to start by saying I love the way the holy spirit moves through you to speak Gods truth to such a blind and lost world we live in, spiritual warfare is on the rise people are being demonically attacked world wide we are living in the last days how important is it to draw ever closer to Jesus!" (Sarah)

Video: Various Videos "Pastor Billy, the Lord is certainly working through You and I would like to thank You for Your knowledge that has certainly blessed me beyond what I can say in words! The Lord is leading me to go into the local malls surrounding the greater Cincinnati area to go fishing for men, and I would like to be able to not only talk to people face to face, but also give them a business card with your web address on it as well as my local church info. I feel that every church in North America, and the world,

should be presenting the facts just as You are today, and I agree with You whole heartedly. Your Brother in Christ.” (Jeff from Kentucky)

Video: Radio Interview” Good Evening Pastor Billy, I heard of your interview through Jan Markel on YouTube and started watching and signed up. You have been a blessing with teaching of the Word of GOD. Can you please recommend commentaries and concordance for Bible study?” (Tamarah)

Video: Various Videos “Pastor Crone, my wife and I purchased your Rapture series and we then heard you speak at JD Farag church on spiritual warfare. Finally we found out from your You Tube presentations that you pastor a church in Las Vegas. Now for the issue at hand. I live in St. George, Utah. There is not one church in this area that is Biblically based and teaches prophecy. We have been going to a church that I recently discovered through a direct discussion with the pastor that he is a Christian Deist. Thus, there is a God, but no spiritual dimensions, no spiritual warfare and in terms of this life you are simply on your own. I also found out that this man DOES NOT PRAY. This was for me the final straw. Thanks again and may God continue to bless your ministry. Your messages have meant so much to my wife and I.” (Al from Utah)

Video: The Rapture “Hello; I pray you and your family are well. Its early here in Northern Canada. The snow is blowing enough that school is cancelled for the day. I have been coming to work early for weeks now to read your book called The Rapture. I just finished it. Thank You for this book, Thank You for your teachings of the Gospel, Thank You for fighting for The Lord and for us who live in the world. I admire your courage, strength, wisdom and love for everyone. I pray too for these same qualities. Its not good to be a Covert Christian....its said it is easier to die for Jesus than to live for him. This is true and we (not you Sir) need to wake up and live for our Father and not give into our flesh. Thank You again. Tonight I have fellowship with a Biblical Christian, who like I seek real teachers of the gospel. We have both left our churches, due to fluff and puff or like Carter Conlon would say...Run for Your Lives for you may lose it. I have ordered from you many of your teachings that I intend to use to bring my friends and love ones to Jesus. Hence tonight with a fellow Christian, we start a study based on your teachings to win souls and save those from the WOOD CHIPPER.....God Bless.” (James from Canada)

Video: Various Videos “Hi Pastor Billy! I hope this email finds you at a good time, enjoying the grace of our perfect Lord. My name is Dee and I am an extremely blessed 26-year-old woman married (for 5.5 years and counting) to my high school sweetheart, the most amazing man in the world, Nick. We are currently making our way through your “Marriage Built to Last” series, and it’s been such a blessing to our marriage, better than any secular marriage counseling. My husband Nick and I like to consider ourselves members of your virtual congregation: Those fortunate enough to have discovered your awesome YouTube videos but have not yet had the pleasure of meeting you face-to-face. I don’t remember exactly how we stumbled upon your online ministry some years ago, but somehow the Lord drew us to you and we haven’t looked back. We feel the Lord has been trying to get our attention for several years now. We’ve found ourselves in cycles

where we go from being immersed in His word, spending every waking moment focusing on Jesus, to backsliding and allowing ourselves to get distracted by the day-to-day cares of this life. Whenever we find ourselves needing to have a fire relit under ourselves and get back on track with God, we turn to your ministry. We were both raised “Christian” by our parents, and my mom used to take me and my 3 siblings to church on a regular basis, but I have never heard a pastor like you! The Lord has truly blessed you with a gift to inspire people and help us understand the beauty of our Savior. Your testimony of how Jesus brought you out of such a dark place and transformed your life is incredibly inspiring. While we realize the value and purpose of fellowship, we also realize that many of today’s pastors do not seem to have the right intentions or teach the message that we feel we need; they don’t seem to teach the Bible, and if they do, it’s not always in its entirety. We attended church with my mother a few years ago, and we were not impressed by the leadership. The pastor boasted about himself, drives a Bentley, and wore an outfit that could easily be worth all the clothes in my closet. They asked for tithes and offerings several times before they even got into the Word, and the choir’s songs focused on asking God to rain down money and blessings on them. This behavior seems diametrically opposed to what we see from your messages and watching your Sunday and Wednesday services, and is probably a large part of why we are not running to attend another church at this time. Well, that, and we feel like we have a church: yours! I very much appreciate your time and all you do for Jesus’ sheep!” (Dee)

Video: Various Videos “Hi Billy, I've been binge listening since I saw you online at J.D.'s church. I had to tell you that today I was at the DMV getting plates and in the booth next to mine a millennial was getting new plates too. The woman asked him if he wanted to pick a different plate since the one she pulled out for him had 666 on it. He looked puzzled and said why? She said "when some people get a plate with 666 they refuse the plate." He said he didn't understand and didn't know what it meant. She said "I'm not sure, it wouldn't bother me." I was reminded of what you said about the world and some Christians not knowing God's word and accepting not only the mark of the beast or the number of his name. Sincerely.” (Steve from Washington)

Video: Various Videos “THANKS FOR BEING WITH JD in Hawaii, We pray for you daily here in Montana. Keep pushing back the darkness, the message is getting through. blessings.” (Suzi from Montana)

Video: Various Videos “Dear Pastor Billy, I have found your studies on utube and can't thank you enough for the wealth of information you share with the world at large. I have not been able to find a church that is true to the Word of God and teach it in it's entirety. I have no people in my life. My children live in different states, (I live in Lawton, OK) my elderly father lives in a small town near here and that is the only reason I'm still located here. Lord willing and if finances would allow, I live on disability, I would love to move there and be able to join your church. I keep you and your ministry in my prayers. Just wanted to thank you for your faithful teaching of our precious Bible. God Bless.” (Pam from Oklahoma)

Video: Various Videos “I wanted to say that I appreciate Pastor Crones teachings on YouTube. I have been watching since he was at Niagara Frontier. I appreciate the honesty about the New Age background. I myself was brought up with it and my mother still is in it. I constantly had star charts done on me and taken to New Age shops for Crystals and Incense bought to "heal" me. So its refreshing to hear another say they were delivered out of that life. I also liked the one about the AI. My best guy friend from childhood currently flies drones out of the airbase located there. He lives in North Las Vegas. I found that interesting to see it in your video. Keep up the message. I think more people appreciate you and your churches efforts than not. Its just the negative people are the loudest criers. (Heard you on Jan Markels speaking on the rapture) Sincerely.” (Aimee from Washington)

Video: Various Videos “Just wanted to say Hi and introduce my self. I’m Robin. I lived in Orange County CA all my life. Until 10 years ago and now we live near Austin TX. I was brought up in a Church that did teach the Bible just had Scripture readings about two. The scriptures were not discussed. When I was very young about 4 or 5 I had learned that I could always pray to Jesus and he would be there for me. Well one morning I found one of my Sisters old small bike and I wanted to learn to ride it. I worked at it all day and still I couldn’t do it. That night when I went to bed I asked Jesus to help me Learn to ride. The next morning I went right outside to have Jesus teach me. Well I got on and started riding and from then on I could ride a bike. That was one important lesson. I have other time that Praying really changed my life and I have been very blessed because of answered prayers guiding my life! When we moved to Texas I went to the church I had always known. It just didn’t feel right and some things had changed there as with accepting Gay Marriage and I asked God to help me make the right decision about staying there or finding another church. I left there and didn’t look back. Before I found a church I injured my shoulder and had to have surgery After 6 weeks the Dr. Said I could drive. The first day out. I was in a major car accident and in the last 5 years I have had 6 surgeries. That’s when I started watching Jack Hibbs on Sundays and Wed. with my husband. A friend I have know all my life went to Chino Hills until they moved to Arizona. They went to the same church we did but left to go to Chino Hills and I had no idea at the time where they were going. I knew when they left our old church they were looking for a Bible based Church. That was what I was long for. We knew right away what we had missed all these years. I learned so much and I listened to him everyday and since I couldn’t go anywhere I listened to others like, Jan Markell, Amir, Tony Perkins, and others. I just want to say now I have heard you at J D Farags and with Jan Markell. I have found you on YouTube. I have really enjoyed listening to you also! I am looking on line for a Church near where we live for a Calvary Chapel. I am looking forward to going to church again and worshipping with others and getting involved and serving. I need to go to a Bible Study. I didn’t mean to write a book but I just have more thing to say. Do you have any good advice for me after hearing my long life story! I didn’t even tell you the biggest blessing I received after praying for some guidance a year after High School and I am still being blessed every day! Maybe another time! It easier talking about it than writing it. Like today it was harder writing about this than talking about it! Thanks for listening!” (Robin from Texas)

Video: Various Videos “I am listening(and taking lots of notes) on the World Religions, Cult and the Occult. I have finished Roman Catholicism which I was thrilled by all the detailed information in it. I also just binge listened to New Age lessons...very very interesting and I stayed alert (no sleepy eyes here) after watching it all day until I finished. Thank you for your work on both of these and I am looking forward to all the parts of this great study. The site indicates that it is "series in progress" does that mean that there will be other topics added. I am waiting to learn about Freemasons as I have a friend whose hubby is involved in a fairly low level and she and I are desperate to talk him out of continuing so any information would be great. I thought it would be covered separately so hope it is yet to come to the site. I also have a comment direct to Pastor Billy and that is you are the first Pastor I have ever heard call out NAMES of false teachers that are on tv or otherwise popular. I so respect you for that and I would love it if you actually had a list updated periodically in your newsletter as well as a list of books being sold in "Christian" bookstores that we need to stay far away from. I love Jack Hibbs and have for a couple of years, but I wish he would call out names, but I think he is concerned about legal actions, he has said many a time that he personally has many lawyers on speed dial and Calvary as well. Do you get threatened for speaking out? Thank you for your incredible way of making listening to a bunch of facts fun and a blessing as well. I wish I could find a solid bible church where I live, but after checking many many out, sadly I am still looking. Live in SC where there are churches on every corner, but no Calvary churches and so far none that are not tied to some denomination mostly Southern Baptist. I will keep looking by checking online for sermon content and hope I find a church with a good shepherd like Billy.” (Claudia from South Carolina)

Video: Various Videos “Hey Pastor Billy, check this out: We've been praying for friend of my wife, her husband, and her son. She's a believer, but her husband and her son aren't. Their son's really been having a hard time, he's going through his rebellious teenage phase, routinely professes his disbelief in God, and...also says he's recently been having suicidal thoughts. So, I mentioned your studies, and low and behold as I type this, at this very moment they're binge watching the special creation series. How cool is that? It's exactly what they needed. It's so awesome to see God go after and free up people the people He loves. Just thought I'd share, have a great rest of your weekend.” (Nate from Florida)

Video: World Religions “Good morning! We were directed to your site on Youtube by our oldest son regarding the "SDA Cult". We began studying in 2009 the doctrines, comparing them with the Scriptures and came to realize the SDA Religion was false, so we left this deceitful religion. We have so many former friends/family that are still deluded by these doctrines and when we listened to your sermons/talks explaining it so simply, we want to share this with our family members. Is it possible to purchase a DVD on the SDA Doctrines? Please let us know; we can't just let them die in their sins! Thank you for the knowledge you provide! In Christ.” (Dave and Wanda)
