Video: Various Videos “Hello Pastor Crone, I wanted to ask your advice. My daughter and I live in Phoenix and we have been trying to find a church with no success. We are tired of the "feel good" Pastors that have nothing to say about the times we are living in. The basic responses we get when we ask if we can go more into revelation are "We don't want to scare people off" or we even had someone tell us "We will all be raptured out of here so we don't need to worry about any of that or even study it". ARE YOU KIDDING ME?! It is so frustrating :( Anyway, for now our "church" is watching you on Youtube (and don't get me wrong, we love it), but we just wanted to know if you had any recommendations of anyone out here that you might know who is "awake" to what we are facing. If not, that's ok. We just thought it couldn't hurt to ask. We also understand that you are crazy busy trying to get the word out so if you don't have time to respond that's ok too. Thank you for all that you do. Your sister in Christ.” (Lisa from Arizona)

Video: Young Creation “Hi Pastor. I am a believer and an engineer and have for many years listened to my brothers and sisters in Christ try to shoehorn billions of years into the creation account (Gap-as you put it), but I have never believed it. I have been doing a lot of research on creation and young earth for several years. I came across your creation series and have watch them all several times. Very thorough and very well done presentation. I would like to prepare a condensed version of your material and wanted to ask if there is some way to find the various links to the videos and pictures you use in your presentation? Thank you for taking the time to read this.” (Marten from Canada)

Video: Various Videos “I just wanted to say thank you for your videos. I am a truck driver and have downloaded many of your videos to listen to while on the road. I have thoroughly enjoyed them. I have listened to Final Countdown and the Updated. As well as the Judged and Dinosaur series, RFID and the UFO series. I have also downloaded the Apologetics and the Discipleship series to listen to next. Because I drive a truck, I don't get to go to church on a regular bases but I do love spending time with the Lord. He is my best friend. It wasn't until watching you videos on the apostasy that I realized how far astray some of the "church" teachings were, though I have never, thankfully, been pulled into them, I truly believe the Lord has kept me safe from them. It is really sad. As I listened to you talk about the charismatic movement I remembered an experience I had. I was a teenager and I went to church with my friend and her parents. They were speaking in "tongues" and when her mom was "in the spirit" it scared me and I got up and walked out of the church and refused to go back in. I was saved as a little girl, and thank the Lord and truly believe that he has kept me from those kind of things. I came to him with the open honest heart of a child, and though I have back slid over the years, I am back walking with him. I know that he has always been with me, and am so thankful for that. I really do appreciate the honest from the bible preaching that you do. May God bless you and your ministry! Your sister in Christ. (Jackie)

Video: World Religions “I'd just like to let you know I plan to listen to all your "religions of the world" videos. I began with the introductions and am now on 36 number 6 of Islam. I appreciate your equipping the church with this knowledge, and I feel as if a veil has been lifted from the unknown concerning this topic. I live in a small Canadian town, and 20 minutes from me is a larger town where Muslims are beginning to come to live.

They have set up an association in that town and have had a meeting at the local library to explain who they are and that their Madhi has already come. I recognize the soberness of what you are teaching, not to mention the realization that the time in prophecy is advancing rapidly. I hope you don't lose membership over your teachings, although Jesus had those that turned away from him too. I pray for you and your ministry.” (Mary from Canada)

Video: Various Videos “hi billy my name is Steven and I just wanted to tell you thank you for telling me about JESUS 1 year ago this month. and wen I heard your testimony it touched my heart. it hit close to home. as I was growing up iv be involved in demonic activity. as I got older I just got used to it. my friends and my moms friends was terrified of my home. my step farther fort he was JESUS. I just could knot wait to get out of that house.at the age of 15 I was smoking cannabis to the age 20. the 1st year was good in my new home but then I got the internet. thinning's started to change I watched a video on spiritual science. big mistake I got into the occult without knowing it. they tolled me JESUS and all the religious teachers of the world was from a different planet. they said we are all space brothers. and they came to help in evolution. then I stared to learn how to meditate. then I new that was what I was doing in the fist place.so I would spend all my money on cannabis and id smoke it and meditate in my kitchen. and then one night the demonic activity came back. but this time it got worse.I was sleeping on my sofa in my bedroom. and you know billy the paralyzing fear wen your in the presence of a demon. well any way I opened my eyes and I had no control of anything my head was uncontrollably shaking. as my head was shaking I could fell a big hand under my head shaking me. it was so bad my head was hurting for days. I went on the internet and I came onto your YouTube channel. but I did not come to the lord from watching one video. for two weeks or more I watched your videos and I came to know more and I was convinced that JESUS is the way. if you made it this far billy thank you for taking the time to read my testimony . now me and my mom is saved for ever more.it would be more to rite but my intellect is not the best if some things are spelt in coerced is because I'm from the UK in wales. Video: The Final Countdown "Pastor Billy, first I'd like to tell you how much I appreciate your YouTube videos. I have been watching the Final Countdown series and have learned so much. I know it must have taken a lot of time to accumulate all the information and I thank God for your willingness to do it. I have a question that I hope you can help me with. What is the best way to witness to followers of "fluff preachers" like Osteen? When talking with this particular one, Tammy, I'm frustrated because she says I'm negative and judgmental when I talk about being a sinner and needing a savior to avoid spending eternity in hell. Any suggestions would be appreciated. Thank you again for your faithfulness to our Lord's calling. God bless you." (Cara)

Video: Experiencing God's Peace "I need to say thank you for A Misplaced Understanding Part 1. I have a son (James) with Spina Bifida and other physical challenges. I have been wrestling with God about what James cannot do. Thank you for the reminder that God is in complete control and made James just how He wanted him. James is 9 and he has the most JOY I have ever seen. I think God created him just for me - and I am slowly learning. Blessings to you from North Dakota!" (David from North Dakota)

Video: World Religions "Pastor Billy, I have been watching your World Religions study series and I have a question. In Hinduism, part 4 (@ the 50:20 mark) you said that according to the Occult the coming of the World Teacher,(The AC as we know)would be preceded by loud sounds or a sound heard all over the world and would be felt by everyone. Could you give me the reference? I just wonder if all the strange sounds all over the world could be to prepare people. Thank you so much Pastor! The whole series is such a blessing to me!!! In His grip, your SACRAMENTO brother." (Gregg from California)

Video: In the Days of Noah "I was a scoffer. I was lied to and confused my whole life. I knew there could be a God but often felt that even his followers where blind. Blind to what happened to our world. I have always been spiritually connected to the Earth and lately have been mindfully meditating on Awareness, time, and space I found that my "idea" of Heaven could actually exist. I started to believe. Believing with the power from my heart and seeing that there are other worlds than this. Sadly I have never read the bible but I know that I have been in the dark long enough. THANK YOU for doing your homework and sharing the answers with me. All of what you shared In The Days Of Noah, I find to be truth. You are an awesome teacher who has given me the information and direction I have been searching for. My Journey begins." (Jessica from

Video: Various Videos "Thank you Pastor Billy for being a bright voice for God, and trying to awaken Christians and non-Christians to the reality around us. I love the information that you put out. I believe Dr. Stan's Radio Liberty show was where I first heard you. I really miss him and the information he distributed. Can't wait to meet him in

Heaven. I am grateful that you offer the live church services. As a disabled woman (I react severely to chemicals, cell phones, cell towers, wi-fi, etc.), I had to give up going to service 10 years ago. But recently I acquired high speed internet, and I believe that God popped your ministry into my mind. I seemed to remember seeing that you offer a live streaming service, and when I went to your website, I noticed that my memory was correct...so I plan on attending this upcoming Sunday :-) Thank you for all that you do...I love how you are tying in our reality with God's word. I believe most churches are blind to what is happening around us, therefore Christians are being blindsided. May God Bless you and your ministry." (Kelly)

Video: Various Videos "I just wanted to say thank you for sharing your videos of how to be a good Christian and serve Jesus. I've lived a pretty decent life, not getting into trouble but even though I love Jesus and pray and feel guilt when I make mistakes. I have not been a true Christian. You make it so clear and now I'm going back to church, trying to get involved in the church, read and learn my bible by listening to your sermons. I'm hoping to change my life completely. I feel like I have so much more to learn. Also, sense starting all of this my children are fighting less and I'm more patient. It's amazing. Again, thank you so much. I'm always touched by your sermons." (Hillary)

Video: Various Videos "Just finished the dinosaurs videos and am now reveling through Revelation. I'm 91 years old and keenly interest in prophecy." (Louise)

Video: World Religions "Thanks for your teachings on New Age religions, what an eye opener. I sure missed them the past few weeks." (Ryan)

Video: Various Videos "I really enjoy all GALM videos great work and witness." (Andy from UK)

Video: Various Videos "I have been a Christian for 37 years now, in an independent full gospel church and I never thought that I would ever have to question what I had believed for so many years, but recently I began to be conflicted in my spirit over some teachings I was hearing...because when I would read the bible they did not line up with the WORD or the description of what the Church would look like in the last days, so I began to pray and ask God to PLEASE lead me to the TRUTH because I DID-NOT Want to be deceived by any FALSE DOCTRINE. I didn't care if it was things I had been taught or me-myself had taught...I WANTED TRUTH...I begin repenting to God for believing any lies that I had received from false doctrines and asking Him to Reveal them to me. And to help me to find truth. And I Believe He Is Doing Just That. By leading me to your videos. I Will Continue To Pray & Be A Seeker of Truth...I do-not want to miss the Coming of Jesus and be left behind. I thank God he lead me to a (Southern Baptist Preacher) to help me find truth. I say that with all love and respect Pastor Billy Crone. lol (if you only knew more of my story you would make a joke of it...lol) and share it with your church. Thank You For Helping Me Find The Truth & Peace of Mind...I having been watching your videos on ROKU and On YouTube...I can't get enough...there is so much I have never heard preached in church before. So Much Info & The Word to back it up. Thank You Again & May God Continue To Bless You, Your Family & Church. I wish I lived

close to your Church...but I live in Tennessee. Pray that I will find a Church near where I live that is on the same path of truth as God has lead you to.” (Brenda from Tennessee)

Video: Various Videos “Dear Pastor Crone, Thank you so much for your studies that your make available over the internet and affordable DVD's. I felt that I needed to contact you and let you know the difference that you have made in my life and how that came about. I live in Maryland. Until my father passed away last December 21st, I was not familiar with you or your awesome ministry. When dad passed away, I came across your study on DVD's on "The End Times" part one and the first update. I brought them home, and as I worked during the day, I played the DVD's and listened to your teachings. These DVD's have made such an impact on/in my life, I have begun to study God and His teachings daily. I also make it a part of my day to check your website out daily and watch at least one new teaching each day. Because of these DVD's, even though I have been saved and believed in our Lord and Savior Jesus Christ, I now am taking more time each day to study and learn as much as I can. I am now trying as best as I can to make sure that I search my heart and life each day to make sure that I am ready for Jesus' return. I thank God for these DVD's and website that touch me each day; and I thank God that my dad found you and followed you...leaving behind your teachings to touch my life. God is awesome and works in our lives even when we don't know it. Thank you again, Pastor Crone and thank God for using you to touch people. Sincerely. (Robin from Maryland)

Video: The Rapture “Hi pastor Billy! I know you're super busy, but I had send you this email. A couple of days ago, I "happened" on a (non-getalife) website that linked to one of your recent sermons. Your sermon message was approximately an hour long and the theme was a defense of the pretrib Rapture. It was a really, really, really great message!! So I told several friends about it - but they can't find it, and now I can't find it (again) either. My computer's history list has failed to help me find it. All I've found are a couple of short videos that promote your upcoming documentary on deception. Anyway, I've got a buncha friends anxious to hear the same message I heard - and I'm wondering if you could let me know where to find it. PLEASE!?!?!? I really hope to hear from you. PS It's been noted that you're on the speaker's list for two prophecy conferences in Canada next year! One in Calgary and one in Winnipeg. WOOHOO!!! Let me know if you want help at your book tables... :)” (Dagmar from Canada)

Video: Various Videos “First, I want you to know how very grateful we are for the sermons and videos, available through Get a Life Ministries. My wife and I are so amazed to hear Biblical truth like that which you deliver so passionately. God Bless you Pastor! This leads to my Question. . .Where oh where can we find a church like Sunrise Baptist? Do you have any partner churches in Wichita, Kansas or the surrounding area or do you know of any that you could point us to? We are willing to drive some distance - we just don't think we can drive to Las Vegas in time for service each Sunday! We currently attend a Southern Baptist church that offers Life Groups but no Bible Studies. These Life Groups are primarily about food, drink, secular conversation and entertainment – not Bible Study (we stopped going since we can do all that any time any place!) Outside of Sunday morning service and our own personal study, there is no time to meet together and study the Bible together! No Sunday school either since the Pastor

wants to roll everything into Life Groups. Also, there is little concern about the perilous times in which we live. This church is a busy church, holding one fun event/activity after another for the community; but aside from wearing church T-Shirts, people would otherwise be clueless as to why we are there in the first place. And so we search! Thank you and I look forward to your reply. Sincerely.” (John from Kansas)

Video: Various Videos “Pastor Crone, We are currently using your tapes on Hinduism with our prophecy group and the group finds them extremely informative and helpful. I wanted to share with you about our current church life. We have been very concerned about some of the statements made by our pastor. Last week he quoted Tony Campolo in a positive light at the end of the sermon. It was that event that caused us to notify the church that we could not continue to keep our commitment to the church until the end of the year. Knowing Tony Campolo’s involvement and leadership in the emergent church movement, we couldn’t stay connected with a church that thinks positively of him. As we reflect on the messages we have heard for nearly two years and then hearing Campolo’s name, it clicked with us that so many of the messages by our pastor were social justice and social gospel oriented. Of interest is he is doing a series on the minor prophets and somehow ties their messages to a social gospel message that we should include all. It is a shame that he has not focused on the major prophets but he is really not using the minor prophet series to talk about the state of our nation. We have never heard any sermon on the conviction of sin. In fact as Sean and I talked through this, it dawned on us that we have never heard the pastor offer a prayer. Prayer is given by the person that reads scripture and the music leader. It seems curious to us that he has never prayed openly in the service. It is really very sad because he is a loving person. We have had to get our substantive messages outside of the church. We will be looking for a new church home locally. A new church opens in two weeks and we will give it a try. We have heard some sermons by the senior pastor in the past and they appear to be biblically grounded. We will need to see for ourselves. So all this being said, our church service today was at home participating in one of your sermons. Just wanted you to know how much we appreciate you and your messages.” (Sally from Georgia)

Video: Various Videos “Hello Pastor Crone, I recently listened to a past show on Caravan to Midnight and found your interview fascinating. I then visited your website and heard you on Common Sense as well. I believe you 100%. Was raised Catholic but now that I found you, looking forward to your online services. Thanks for all your hard work, your message is extremely important. Sincerest regards, North East Coast.” (Kathleen)

Video: World Religions “Heard you recently on Southwest Radio and was thankful for your discernment on Star Wars and Buddhism. After a recent visit to Florida, the youth pastor there was unaware of the dangers of Star Wars so sent him your DVD on Buddhism. Do you have an email address which I could use to send some questions to you about your stand on various doctrinal issues through regular email rather than this way? Was thankful to find out about your ministry. Thanks.” (Patty)
